A condensed, accessible version of the bestselling corrections book on the market, AMERICAN CORRECTIONS IN BRIEF, 1st Edition introduces students to the dynamics of corrections in a way that captures their interest and encourages them to enter the field. The brief paperback nature of this book makes it more approachable, and the well-respected author team has added several key pedagogical elements to help ensure students success. Complete with valuable career-based material, insightful guest speakers, illuminating real-world cases, and uniquely even-handed treatment of institutional and community sanctions, the text examines the U.S. correctional system from the perspectives of both the corrections worker and the offender, providing students with a well-rounded, balanced introduction to corrections.

kinder

I had to purchase this book for a corrections course, since my major is administration of justice. The book store at my campus were charging an arm and a leg for these books used and no longer had any books to rent available. I must say that this book did come a little abused and marked but besides that everything in regards to shipping and receiving the book in a timely manner was great. As far as the read, this is a great book for students. Its not all boring like most course literature. Its very informative while still cutting to the chase. I took this during summer session so hence why its in brief. If you are thinking about going into corrections this is a great book to read, even if you're not in school. So glad my professor chose this book for the course.

Manazar

I think it's great.

Nalmetus

Very informative, I thoroughly enjoyed reading this book, it taught me a lot!

Rit

FOR SCHOOL

Xanzay

This was a very good product and will buy it again. It was good quality and very well worth my money.

Cargahibe

As expected

Xtintisha

I wish I had known about Amazon textbook rentals while in college... Through my undergrad all I do is rent textbooks. A major financial weight lifted from my shoulders.

Love this book easy to read & the the key terms are define in each chapter. I rented the book but I ended up buying it.
